The tools we make available are in principle new or as new. For this reason we would ask you to handle them correspondingly careful in order that no scratches occur or any other damages.
However, in case of any damages of the tools occurring after the return delivery we have to additionally charge you with the corresponding costs.

The costs for the return delivery as well as for the insurance of the goods have to be paid by you.

Conditions of delivery: EXW ex works
Mode of transport: VDS parcel service per UPS
